Regd. No. 1007
File No. 224/35

Sir,

S.N.2
F. 431-33

I have the honour to invite a reference to your No.84, dated 3-1-1934 sanctioning a two-thirds grant amounting to Rs.9758-10-8 towards the construction of new buildings for the Sacred Heart Boys'and Girls'Schools, Shoolay.

2. The buildings were completed but no provision was made for latrines as the additional cost required could not be met last year. The Municipal Health Officer, reports "that there is no proper provision of latrines for the two schools newly built in the Church compound. The condition of the existing latrines is very insanitary".

3. The Correspondent has submitted an application for a grant for this work and I enclose the application and the plan and estimate prepared by the Municipal Executive Engineer. The amount of the estimate as prepared by the Executive Engineer is Rs.1355/- but the Executive Engineer has recommended and the Correspondent has accepted the tender of one Thammiah Naidu whose rates are 7½% over the estimated rates. The total cost of the work therefore now amounts to Rs.1456-10-0. As the schools are free and intended for children of the poorest classes, I recommend that, as a special case, under Rule 47 (1) of the Grant-in-Aid Code for Indian Schools

a

a two-thirds grant not exceeding Rs.971-1-4 may be sanctioned.

4. The amount will be met from the allotment under "Account-II-Education-D-Primary-Direct grants to non-Government Primary Schools-Building and Furniture grants" in the current year's Mysore Assigned Tract budget.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg & Bangalore.

Edl. B-21—866—22-3-29.

APPENDIX M.

CHAPTER VIII, RULE 53.

Application for aid towards the cost of building latrines for the use of the Sacred H. Boys' & Girls' School.

School / College at Richmond Road in the District of C & M Station Bangalore.

Number and date of the Proceedings or memorandum recognizing school under the Madras Educational Rules.

Brief history of the institution from the date of its establishment to the date of application tracing its growth and development and furnishing among other things an accurate account of its financial condition.

A brief history of the institution was submitted when an application for building funds towards the construction of new buildings was put in. Though the origin of the school could be traced to a hundred years back yet it was in the year 1895 that the schools were held within the present compound. It was in June last that the classes were held in the new buildings. The current strength of the boys school is 192 and the girls 143. The Institution is free and meant for children of the Depressed class and the very poor.

History of the Institution—cont.
